

SHINE·ON

THE LIVE PINK FLOYD EXPERIENCE

"You will never see a better cover!"

Danny Stewart

"I came to the show, not so much a Pink Floyd fan, I left the show a total Shine On Fan!"

Steve Barnes

"If I was blindfolded, I couldn't tell between the original Floyd & you all. Amazing musicians & singers. Thank you"

Anie Azevedo

"We attended the Friday (April 28) night show, and it was phenomenal. You sounded like an extremely beautiful choir with spectacular accompaniment that brought me to tears. Incredible! Thank you for sharing your musicianship with the world!"

Victoria Lundberg Gornik

TALENT DECK

"Saw you guys in Laughlin tonight, April 30, 2023. You were so wonderful! I've seen Pink Floyd, Roger Waters, and Australian Pink Floyd and tonight's show was as spectacular as any of those shows. You were incredible and I will certainly tell my friends."

Sundae Schor

Saw you at Desert Diamond Casino in Sahuarita. Amazing show! I cried during Great Gig In The Sky. Unbelievable talent! Looking forward to seeing you again.

Cheryl Anne

This was a phenomenal performance, what a great night!

Diana Bruen

About Shine On

Shine On, The Live Pink Floyd Experience has been wowing audiences for over twenty years. With its eleven-piece ensemble modeled after Pink Floyd's last two touring bands, they capture the sonic orchestral soundscape that is the live Pink Floyd experience. In addition to their stellar audio presentation is the themed video which is performed live giving each show a cinematic experience. Shine On's passion has been to meticulously craft every detail of Pink Floyd's music by their seasoned musicians, delivering them with passion and excellence.

Shine On will perform the iconic Dark Side of the Moon, album start to finish. In addition, their show includes selections of Pink Floyd's greatest hits and fan favorites from Meddle, Wish You Were Here, Animals, A Momentary Lapse of Reason, The Division Bell, and a compelling medley from the landmark album The Wall as well.

This passionate group of artists, with a genuine appreciation of Pink Floyd's amazing contribution of awe-inspiring music that has stood the test of time and popularity over many generations, captivates a wide audience, both young and old.

Shine On, not content with the usual moniker of "Tribute Band," prefer to present themselves as "The Live Pink Floyd Experience", and with that in mind, each performance is truly an experience to remember. For the complete backstory, videos, audio files, cast and upcoming shows, visit the ShineOnLive.com website.

THE LIVE PINK FLOYD EXPERIENCE

"Extraordinary performance from you all. I was introduced to Pink Floyd in the early 70's and I know my Pink Floyd. Every bell and whistle is there in addition to performing the songs to perfection."

MIKE HANSON

What We Bring To The Table

- ✓ 11-Piece group of top professional performers
- ✓ An authentic representation of Pink Floyd's catalog of music
- ✓ Fully functioning website
- ✓ Full video presentation and lasers (where permitted) performed with the performance
- ✓ Top level marketing support
- ✓ Maintained social media presence with full marketing capabilities to market an event.

6.

"I was fortunate to have attended your performance in Laughlin on Thursday, April 27th. I wanted to thank all involved for such a spectacular show. The level of musicianship all around was exemplary. It would be difficult to point out any specific moments because there were so many by all the players. It was especially great that the band performed so well with one another towards the common goal of a great performance. It was apparent that all involved had a great love and respect for the music of Pink Floyd."

Dennis Kelly

Band Rider

TECH SPECIFICATIONS:

Shine On is an eleven-piece band with a three-man technical crew, requiring ample space to set up and perform. We use a Behringer WING 48 in-ear monitor system so, no floor monitors are required. We provide our own equipment, mics, stands, snakes and cables. We run a snake splitter to the house from our board.

A Run of Show with lighting, laser and sound cues can be provided with our Set List, Stage Plot and an Input List. We also have scripted/themed video with our own tech to run the show from a Mac Pro laptop. An HDMI input (with an adapter if necessary) is the preferred method of connection to the house. Video is rendered at 1920 x 1080 format.

Lasers and floor lighting can be provided by Shine On with a lighting tech to run those. Our production company would reach out to the venue to coordinate set-up, connection and running of said lasers and floor lights. Front of House lighting would be provided and run by venue (a Complete Run-of-Show with lighting, sound and laser cues would be provided by Shine On).

Front-of-House sound will be run by Venue staff with our sound engineer assisting with performance cues.

PERSONNEL REQUIREMENTS:

- A greenroom with the ability to accommodate 15 individuals and a dressing room for changing and make-up. Bathroom facilities near the greenroom.
- Meals for 15 persons are appreciated given the set-up, sound check and performance time(s). This keeps the performers together and focused.
- Ample parking and load-in spaces.
- Guest List (if provided by venue).

MARKETING:

Shine On has a full marketing department that will provide:

- Event Posters
- Venue collateral, web assets
- Social media posts and collateral
- Videos for promotion
